Today we held the second-to-last mohair sale of the season, with good-quality mohair on offer. There is still no movement in the East, and demand for the stronger microns remains very limited. There are, however, signs of interest from China, which is a positive indication for the upcoming summer season next year. On a positive note, congratulations to Jordi Van Hasselt from Prince Albert for achieving an outstanding price of R950.00/kg for a super-style kid bale of 26 micron with a clean yield of 90.2%. Our final sale of the season is scheduled for 8 December 2026, bringing the 2026 mohair selling season to a close.
