Nothing replaces quality in mohair! The second last mohair sale of the 2025 summer season was proof of that. While the global economy is in a mess and the Rand strengthened against the US Dollar by 3%, the average market indicator gained 1.7%! With all the top-quality summer kids on sale, that specific market gained 3.7%. Young goats were down by 1%, but adults gained 2.3%! The adults were a bit of a surprise, but the magnificent quality that was on display made an enormous difference. Normal adults were under pressure. Special mention must be made of the clip of Jordi van Hasselt of Prince Albert. The quality of this clip is out of this world. He deservedly fetched the seasonal record price for summer kids at R920.00/kg. This super style, B-length bale with a micron of 24.2 and a clean yield of 95.7% was the best bale on offer on the day. Special mention must also be made of the stronger, but magnificent bale of Michau Nortje of Willowmore. This bale was sold for R886.00/kg. The B-length, super-style bale tested 25.4 microns, with a clean yield of 94.7%. This is a record price for a 25-micron bale. The last sale of the summer season will be on the 10th of June and will be a bit smaller with good quality on offer.
