Today we held the fifth sale of the season. There were only two strong buyers active in the market, resulting in limited competition. There was very little interest in the stronger micron groups, while the finer microns also experienced some downward price movement. On a positive note, a big congratulations to Daan Schutte from Prince Albert for achieving an outstanding price of R970.00/kg for a super-style kid bale of 24.8 micron with a clean yield of 90.2%. Daan Schutte sold his whole clip with an outstanding average above R400.00/kg. Congratulations also to Richard Herold, who had a very good sale with a well-prepared clip. Our next sale is scheduled for 24 November 2026. There will also be a very good variety of mohair on offer at this sale, giving buyers a good selection to choose from.
