----	-----	-----	-----

The third mohair sale of the 2024 summer selling season delivered satisfactory results. Although we quote the market as unchanged, the small difference that occurred was in the seller's favour. The marketing team at HF is satisfied with this outcome, as 42 to 45 percent of the anticipated production for this season has been sold. The current price levels are satisfactory and too many dramatic increases in a row are not good for a longer-term sustainable market price. The top clips did excel today. The best average for a clip was R523.23/kg for the complete clip! The best price for an individual bale went to Richard Herold of Graaff-Reinet at R815.20/kg for his best summer kid bale. This bale was a B-length, good style, 22.5-micron and had a clean yield of 90.9%! Roelfie van der Merwe kept his best super style bale back @ R820.00/kg. The top clips are coming on the market now. We expect another full-size sale, with good-quality clips in 4 weeks. The next sale will be held on the 16th of April 2024.
